DETAILED ACTION

1. The holding of abandonment in this application for failure to respond to the previous Office Action has been withdrawn in view of the Applicants submission of a copy of a reply filed 7/30/03 and a filing receipt showing the reply was timely. An action on the merits of the Amendment filed 7/30/2003 follows.

Response to Amendment

2. Claims 3, 4, 6-12, 15-22, 25, and 27-30 are pending in this application and have been examined.

3. The amendment has incorporated all of the limitations of claim 26 into claim 27, and has made claim 27 an independent claim so as to overcome the objection to it in the previous Office Action as being based upon a rejected base claim.

Drawings

4. New corrected drawings are required in this application because of the items noted on Form PTO-948 attached to this Office Action. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Allowable Subject Matter

5. Claims 3, 4, 6-12, 15-22, 25, and 27-30 are allowed.

6. The following is an examiner's statement of reasons for allowance:

The novel and unique elements found in the claimed invention and not found in the prior art are the generation of a hash seed value used in the creation of a storage key, where the storage key is then used in the encryption of downloaded information, and then associating downloaded access predicate with the encrypted content, and storing the encrypted content with the access predicate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul E. Callahan whose telephone number is (703) 305-1336.

The examiner can normally be reached on M-F from 9 to 5.
